

5 FEBRUARY 2016

HIGHLY EXPERIENCED RESOURCE FINANCE EXECUTIVE GRANT DYKER APPOINTED AS CFO

Dacian Gold Ltd (ASX: DCN) is pleased to announce that Mr Grant Dyker has been appointed as Chief Financial Officer.

Mr Dyker is a highly regarded CFO, having held the role in a number of successful mid-tier resource companies including Sirius Resources, Doray Minerals and Avoca Resources.

In each of these companies, Mr Dyker was instrumental in procuring development financing and managing financial matters following project construction.

He has more than 22 years of experience and holds a Bachelor of Business and Administration Accounting. He is a member of the Institute of Chartered Accountants.

Dacian Executive Chairman Rohan Williams said Mr Dyker would bring a wealth of skills and experience to the Company as it advanced the feasibility study on its Mount Morgans gold project in WA.

“Grant has immense experience in managing the financial affairs of resources companies and projects like Dacian,” Mr Williams said.

“I worked with Grant at Avoca and I am confident that Dacian has every chance of emulating the success we enjoyed there.”

For and on behalf of the Board

Rohan Williams

Executive Chairman

About Dacian Gold Limited

The Mt Morgans Gold Project hosts high grade Mineral Resources of 3.0 million ounces at an average grade of 2.2 g/t gold. In addition, the Company has identified multiple exploration targets and resource extension opportunities. If proven, they will enable growth of the Mt Morgans' existing Mineral Resource and Ore Reserve base.

Dacian Gold has a strong Board and Management team which includes Rohan Williams as Executive Chairman; Robert Reynolds (formerly non-executive Chairman of Avoca Resources Ltd) and Barry Patterson (co-founder and non-executive Director of GR Engineering Ltd) as non-executive directors.

Dacian Gold's strategy at Mt Morgans is evolving toward potential mine development. It has identified two large mineralised systems at Westralia and Jupiter where it believes simultaneous mine development at each site is a possibility, and will be the subject of ongoing drilling and feasibility studies.

Dacian Gold is fully funded to complete the MMGP Feasibility Study, complete a major 80,000m resource in-fill drill program currently underway and maintain an active exploration program aimed at identifying new, high value mineral resources with the Mt Morgans project.

Mt Morgans Gold Project Ore Reserves as at 15 September 2015

Deposit	Cut-off Grade Au g/t	Proved			Probable			Total		
		Tonnes	Au g/t	Au Oz	Tonnes	Au g/t	Au Oz	Tonnes	Au g/t	Au Oz
Craic	3.9	-	-	-	28,000	9.2	8,000	28,000	9.2	8,000
Total		-	-	-	28,000	9.2	8,000	28,000	9.2	8,000

In relation to Mineral Resources and Ore Reserves, the Company confirms that all material assumptions and technical parameters that underpin the relevant market announcement continue to apply and have not materially changed.

Competent Person Statement

Exploration

The information in this report that relates to Exploration Results is based on information compiled by Mr Rohan Williams who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Williams holds shares and options in, and is a director and full time employee of, Dacian Gold Ltd. Mr Williams has sufficient experience which is relevant to the style of mineralisation under consideration to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves." Mr Williams consents to the inclusion in the report of the matters based on the information compiled by him, in the form and context in which it appears.

Mineral Resources and Ore Reserves

The information in this report that relates the Westralia, Jupiter and Transvaal Mineral Resource (see ASX announcement – 16th September, 2015) and the Ramornie Mineral Resource (see ASX announcement – 24th February, 2015) is based on information compiled by Mr Shaun Searle who is a Member of Australian Institute of Geoscientists and a full time employee of RPM. Mr Searle has sufficient experience which is

relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Searle consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this report that relates the Jupiter Low Grade Stockpile (see ASX announcement – 16th September, 2015) and is based on information compiled by Mr Rohan Williams who is a Member of the Australasian Institute of Mining and Metallurgy. Mr Williams holds shares and options in, and is a director and full time employee of, Dacian Gold Ltd. Mr Williams has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Williams consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this report that relates to Mineral Resources (other than Westralia, Jupiter, Jupiter Low Grade Stockpile, Transvaal, and Ramornie which are reported under JORC 2012) is based on information compiled by Mr Rohan Williams, who is a Member of The Australasian Institute of Mining and Metallurgy. Mr Williams holds shares and options in, and is a director and full time employee of, Dacian Gold Ltd.

Where the Company refers to the Mineral Resources in this report (referencing this release made to the ASX), it confirms that it is not aware of any new information or data that materially affects the information included in that announcement and all material assumptions and technical parameters underpinning the resource estimate with that announcement continue to apply and have not materially changed.

The information in this report that relates to Ore Reserves is based on information compiled by Mr Bill Frazer, a director and full time employee of Mining One Pty Ltd and a Member of The Australasian Institute of Mining and Metallurgy. Mr. Williams and Mr Frazer have sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which they are undertaking to qualify as Competent Persons as defined in the 2004 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Williams and Mr Frazer consent to the inclusion in the report of the matters based on their information in the form and context in which it appears.

All information relating to Mineral Resources and Ore Reserves (other than the King Street and Craic) were prepared and disclosed under the JORC Code 2012. The JORC Code 2004 Mineral Resource and Ore Reserve have not been updated since to comply with the JORC Code 2012 on the basis that the information has not materially changed since it was last updated.
